**RE:** Options for Action  
MAR Notices 37-788, 37-801, 37-802, and 37-805

**DATE:** October 30, 2017

On November 8, 2017, at 1 p.m., CFHHS will convene a conference call to address how the Committee wants to proceed with its objection to MAR notice numbers 37-788, 37-801, 37-802, and 37-805. In September, the Committee voted to sustain its informal objection to the proposed rules and requested that I draft a formal objection letter for the Committee's consideration.

In considering the formal objection letter, the Committee has the following options:

(1) *Approve the letter as drafted or with revisions*, which will delay the effective date of the proposed rules until the end of the next **regular** legislative session unless the Committee withdraws the formal objection or unless the Department of Public Health and Human Services makes changes to the proposed rules that, in the opinion of a majority of the Committee members, makes the proposed rules comply with the Committee's objection; or

(2) *Take no action*.

**\*\*If the Committee takes no action on the formal objection letter**, the Committee needs to consider the pending informal objection. Options include:

(1) *Take no action*, which would end the objection and would allow the Department to adopt the rules upon adjournment of the conference call; or

(2) *Vote to sustain the informal objection until the Committee's next meeting*, which would extend the objection until November 17, 2017. At that meeting, the Committee would have to again decide whether to continue the objection.
